

## Authorized Teacher Home Areas

### What is a Home Teaching Area?

Your Home Teaching Area is the region where you are based, the area in which you normally teach. This is usually where you live and where you have been building your Enneagram community of students.

No-one is restricted to teaching only in one area, but it will be to everyone's benefit to coordinate with other ATs and EI Network Representatives when planning to teach in a different area than your own. We are asking you to coordinate with each other (see below).

### Coordinating Teaching in the Same Area

We want to work as an Authorized Teacher Team and coordinate with each other. The EI will provide a roster of all Authorized Teachers, AWTP students, and Network Members. Note: The Network Members are a longer-established EI entity and must therefore be taken into account. Even if they are not teaching Authorized Workshops, they may have developed an Enneagram base and be teaching other Enneagram Workshops, so we would like you to coordinate with them. See <http://www.enneagraminstitute.com/Network.asp>.

Any Authorized Teacher who wishes to teach in an area where there is already an Authorized Teacher (AT) or Network Member teaching, must first contact the established AT and/or Network Member and coordinate with what they have already planned. Thus all EI teachers will coordinate with each other to work out specific plans for serving a given audience. For example, it would be useful to talk about:

- Your menu of Authorized or Enneagram Workshops offered in the same area.
- The frequency of email blasts sent to the same area.

The EI will list all the AT Home Areas on the Authorized Teacher page ([http://www.enneagraminstitute.com/authorized\\_workshop\\_teachers.asp](http://www.enneagraminstitute.com/authorized_workshop_teachers.asp)), and continue to advertise all AWTP events on our Schedule Page, in the CyberGrams that go out, and wherever else we can do so. (Currently, they are also advertised in the *EnneaThought* email when they are the next upcoming event.)

Please coordinate your plan to teach in the same area among yourselves as much as possible. You can view our Schedule Page (<http://www.enneagraminstitute.com/schedules.asp>) to see what Workshops are already planned (make sure you also review the RH Teacher Schedule Page here: [http://www.enneagraminstitute.com/schedules\\_nm.asp](http://www.enneagraminstitute.com/schedules_nm.asp)), as well as use the Roster to contact each other. There is no need to involve the office in this matter unless you need assistance in resolving any issues.

### Before Registering for the AWTP Training

Since we do not want to overpopulate a geographic region and introduce unnecessary competition, we will need to restrict the number of Authorized Teachers in certain areas. Please check with Katy at [http://www.enneagraminstitute.com/forms/email\\_form.asp?id=1](http://www.enneagraminstitute.com/forms/email_form.asp?id=1) to see if there is room for another Authorized Teacher in the geographic region you would like to consider your Home Teaching Area. If the region you propose is already full, you would be welcome to teach in another area that has not yet been developed.
